Please join us for a **FREE** Educational College Financial Planning workshop that will focus on high school sophomores, juniors and seniors.

We'll discuss FAFSA, CSS Profile, EFC calculations and many other topics you need to understand in order to maximize the college selection & financial aid process!

Even if your family is not eligible for need-based aid, we will cover the best strategies on how to pay for college in the most Cost efficient ways—without it having to put a strain on the rest of your finances to accomplish it.

In this workshop, you will learn:

- Why it's so important to file all Financial Aid forms on time and with accuracy
- Why developing a college funding plan is crucial, regardless of your income range or savings.
- How to define & identify the “Right Fit” schools for you and your student and prevent overpaying
- How to send your child to school without getting trapped in a financial nightmare for either of you.
- The myths about financial aid... what to do and what not to do.
- How to lower your “out-of-pocket” costs and get the maximum amount of money from each school.
- And much more...
